cant feature of the campaign as regards South Germany.

Each party seems determined to expend every available resource in contesting districts where it has the remotest chance of success; indeed, in many instances candidates will stand in districts where success appears impossible. Thus in Berlin the Centrists will contest every district, although they know the Catholic vote is certain to be swamped by the immense preponderance of the Freisinnige and Socialist votes. In some constituencies each of the eight recognized parties has a candidate in the field.

CLASS INTERESTS.

CLASS INTERESTS. CLASS INTERESTS.

The contest is further complicated by class interests, which are demanding attention. The Agrarian Learne demands special pledges before giving its support to candidates, the trading guilds insist upon being heard, and the anti-Semites, bimetallists, and a host of faddists are making a turmoil, which will not cease until the first day's balloting clears the atmosphere and brines into promuence

The retirement of Count Bailestrem and other Centrial leaders is under reconsideration. The buik of the party shrinks from the prospect of Dr. Lieber becoming the leader of the party. Report of Centennial Committee Regd—Collection for the Theological Seminary—Richmend College Alumni.

(Special telegram to the Dispate).

NASHVILLE, TENN., May 13.—The second day of the Southern Baptist Convention has been crowded with routine business, much of which was of great importance. The immense throng of delegates is too vast to accomplish much work in public session, and the real action is taken in committee meetings. The confusion in the house has been greater this year than usual, and many believe this will prove to be the last session of the body with such a liberal basis of representation. A thousand men in the presence of 1,500 visitors cannot deliberate. The morning session open—

of Interest. (By telegraph to the Dispatch.) NASHVILLE, TENN., May 13.—The second day's session of the Woman's Missionary Union auxiliary to the Southern Baptist Convention met this morning in the First Baptist church and was called to order by the president, Miss Fannie E. Heek. The devotional exercises were conducted by Miss M. E. Wright, of Georgia, who took her subject from Luke viii., 10: "Sitting at the feet of Jesus." Her re-marks were earnest and eloquent and were listened to with great attention by the assembly.

THE STATE BEFORES. The minutes of yesterday's session were read by the secretary, Mrs. F. M. Ellis, and the State reports were taken up. Mrs. Henry represented North Carolina and reported the societies in her State actively engaged. South Carolina was represented by Miss Meintosh, who reported the work there in excellent condition. Mrs. J. L. Burnham, who represented Missourt, said her report had been delayed in the mail. She said her State had raised \$5,000 for the work and that the women of her secieties work and that the women of her societies were not going to have any more jewelry, but were going to give money to the Church, Maryland was represented by Mrs. F. M. Gregory and sent an excellent report. Mrs. A. M. Hallman, of Mississiphi, read a paper on "Phases of Work," and the president, Miss Heck, said the phase of work was active work in all the bases. Mrs. A. M. Hallman, of Mississippi, spoke on the financial effects of the work. She thought there was more cause for encouragement than for discouragement in the reports that had been read. Miss Nina Everett, of Texas, said her State had raised \$10,000 more this year than last. Tennessee was represented by Mrs. M. L. Earley, who gave a very encouraging report of the work in that State.

A general discussion on papers, periodicals, and the best methods of raising money for next year followed the reports from the above-named States, after which an adjournment was taken until 3 o'clock this afternoon. PERANCIAL RESULTS.

TO HOLDERS OF VIRGINIA BONDS.

The announcement has just been received from London that the International Committee appointed to fix the rates at which the new Virginia century bonds are to be distributed to the holders of the several classes of old Virginia bonds and compons under the dobt settlement of February, 1892, and at last made its report, and its expected that the exchange of "Pool Certificates" for the new bonds will very soon begin.

It is expected that the exchange of "Pool Certificates" for the new bonas will very scon begin.

In our Virginia-Bond Circular of November, 1801, we said: "After a careful study of the case in all its bearings we have prepared the following table, showing the result of funding the debt at the rates therein suggested by us, which we think would be an equitable and successful solution of the problem." The cables thus far received indicate that the figures at which the two most important classes of old bonds—namely, "CONSOLS" and "10-60"—are to no exchanged for Century Bonds ARK PRECISELY THE SAME THAT WE SUGGRATED IN OUR CIRCULAR ABOYE REFERRED TO SOME FIGHTERN MONTHS AGO.

We shall be pleased to furnish bolders of the Pool Certificates representing Virginia bonds or coupons, upda application, say further particulars in regard to the conversion or exchange of their certificates that may be obtainable, and we are prepared to arrange for such holders the exchange of their certificates for the new 2-3 per cent, Century Bonds.

GENTRY. -Died, at the residence of his

mother, 405 east Cary street, May 13, 1993, JOHN AUSTIN, only child of Ellen Brown and the late Isaac A. Gentry; aged 5 years and the late Isaac A. Gentry; aged 5 years and 6 months.

"He shall gather the lambs in his arms and earry them in his bosom."

Funeral from the residence at 4 o'clock P. M. SUNDAY, May 14, 1833:

John was early afflicted with Pott's disease of the spine, and while his physical development was arrested, his mind grew and strengthened rapidly. He was reared with care and loved the truth. His father's death two weeks are greatly affected hirs. Seeing the tool-chest in the rear hall, he solemnly remarked to his nurse, "Father will never use those tools any more." He would not be driven down the street because he would pass his "father's office." A few days before he was taken sick a poor woman applied to his mother's can. "Is she poor-focksy?" and when she assessed he took every cent from his pockel-book and gave to the widow.

"Go to thy rest, fair child, Got thy dreamless bed.
